Mortar Net®
The Difference Is In *The Cut*.

541 South Lake Street • Gary, IN 46403
Tel: 800.664.6638 • Fax: 219.939-3877

TECHNICAL DATA

Residential HouseNet is made of recycled polyester with an anti-microbial additive to control mold growth. This material will not oxidize, rot, promote mold or fungus, or react with other common building materials such as mortar, cement, asphalt, modified bitumen, PVC, Copper, or galvanized metal, thereby ensuring long-term performance for all materials.
